2017–2018 Sponsorship Opportunities

SMPS Pittsburgh has developed a diverse menu of sponsorship opportunities for firms within the AEC industry to choose from as a sign of their support for our annual educational programming and networking events. As you may be aware, SMPS is the premier resource for education and information about marketing professional services for the built and natural environment. As a sponsor, firms benefit by helping our chapter continue to offer educational programs and networking events that serve to strengthen the skills and talents of their marketing and business development professionals who are SMPS members and attend these events.

For the 2017-2018 Program year we have updated our sponsor packages, as well as added a few new sponsor opportunities to our menu! Whether you choose to be one of our Gold, Silver, or Bronze Annual Sponsors or a Featured Sponsor of one of our Luncheon events, we are positive that our sponsorship packages can provide your firm with a consistent presence and message to target industry contacts at an affordable rate.

The SMPS Pittsburgh Chapter offers AEC firms a terrific opportunity to increase its visibility in their own marketplace. The chapter has a sponsorship program that fits a variety of needs and budgets. We encourage you to find out more about our sponsorship program, sponsorship opportunities and associated benefits on the following pages.

Should you have questions about any of the following packages, or are interested in designing your own, please contact our Sponsorship Co-Chairs:
